Orthodontic Consultant Visits Dental Clinic

Dr. King, the orthodontic consultant to the Stuttgart Dental Clinic, will be doing orthodontic screening exams Aug. 30 through Sept. 2. The following guidelines will apply to anyone interested in having their child seen for a screening: The child must be a family member of an active-duty service member; 10 to 18 years of age; live in the area at least through the upcoming school year; and have a record in the dental clinic prior to the screening. In order to schedule an appointment, parents must stop by the dental clinic in person during working hours, Mondays through Fridays 8 a.m. to 4 p.m.

Special Note: Appointments are for screenings only and do not guarantee that any child will receive orthodontic care. Once all children are screened the orthodontic team will determine which children qualify for treatment, based on factors such as severity of the case and availability of resources. If a case is started and the family should leave before completion of the case, then further treatment will most likely be at the expense of the family. Those with questions should call the dental clinic at 430-8626/civ. 680-8626/ 8627.
